Subject: Our safety depends on it

[View this email in your browser](#)

I'm proud to receive the endorsements of the Memphis Police Association and the Shelby County Deputy Sheriffs' Association.

It's important that the next Shelby County Mayor is willing to stand and work with our law enforcement, and to give them the tools needed to protect our community.

In the State Senate my opponent voted against efforts by Mayor Jim Strickland, the City of Memphis and the Memphis/Shelby County Crime Commission to enhance the sentencing for violent felons caught with a weapon. (He was the only member of the Judiciary Committee to vote *against* Senate Bill 1241 - the "Crooks with Guns Bill" that local law enforcement utilizes so effectively with the FedUp Campaign combating illegal guns on our streets).

If we are going to reduce violent crime our leaders need to be united and willing to stand with our police and fight to protect the citizens of Shelby County.
